HGP= Horizontal Grade Postforming | HGS= Horizontal Grade Standard | VGS= Vertical Grade Standard

LRV - LRVs stated may or may not be exact and are provided for guidance only. For non-solid colour decors, where there are multiple colours across the design, the stated LRV is an average value taken from multiple measurements across the décor and must be used with caution

NCS, RAL & PANTONE - NCS®, RAL & PANTONE Classic notations represent the closest match available in the particular system. They may or may not be exact and are provided for guidance only

polyica.com

Polyica high pressure laminate is manufactured and tested to EN 438 (excluding performance of liner products). | Polyica laminates should be processed and fabricated in accordance with the product specific Technical Guides provided. | Abrasive cleaners should not be used to clean Polyica high pressure laminate as these may damage the surface and result in scratching. | Polyica high pressure laminate should not be used for exterior application, exterior laminate is available on request. Due to variations in the photographic and printing processes the colours shown on our website and printed marketing material may vary compared to the actual product, it is recommended that actual product samples are viewed prior to purchase. | We reserve the right to amend the specification of the products shown without prior notice. Subject to modification and errors.
